Emergency Message for U.S. Citizens: Worldwide Caution

August 3, 2015

THE EMBASSY OF THE UNITED STATES IS TRANSMITTING THE FOLLOWING INFORMATION AS A PUBLIC SERVICE TO U.S. CITIZENS IN THE PHILIPPINES. PLEASE DISSEMINATE THIS MESSAGE TO ALL U.S. CITIZENS IN YOUR ORGANIZATION OR NEIGHBORHOOD. THANK YOU.

The U.S. Embassy wishes to advise all U.S. citizens that the Department of State issued an updated Worldwide Caution Alert on July 29, 2015.

The Department of State is updating the Worldwide Caution to provide information on the continuing threat of terrorist actions and violence against U.S. citizens and interests throughout the world. Recent terrorist attacks, whether by those affiliated with terrorist entities, copycats, or individual perpetrators, serve as a reminder that U.S. citizens need to maintain a high level of vigilance and take appropriate steps to increase their security awareness. This replaces the Worldwide Caution dated January 9, 2015.

The Department of State remains concerned about the continued threat of terrorist attacks, demonstrations, and other violent actions against U.S. citizens and interests overseas. In August 2014, the United States and regional partners commenced military action against the Islamic State of Iraq and the Levant (ISIL), a designated terrorist organization in Syria and Iraq. In response to the airstrikes, ISIL called on supporters to attack foreigners wherever they are. Authorities believe there is an increased likelihood of reprisal attacks against U.S., Western and coalition partner interests throughout the world, especially in the Middle East, North Africa, Europe, and Asia.

Information specific to the Philippines:

Information from credible sources suggests that there is a continued risk of armed terrorist and criminal groups operating and planning attacks against foreigners, including U.S. citizens, in the East Asian and Pacific region. Jemaah Islamiyah (JI) and the Abu Sayyaf Group, have cells operating throughout Southeast Asia and JI is linked to al-Qa'ida and other regional terrorist groups.

There is a risk of travel to the southern Philippines, specifically related to kidnapping threats in the Sulu Archipelago and the ongoing threat of violence on the island of Mindanao, particularly in Central Mindanao.

Over the past year there have been several kidnappings-for-ransom targeting foreigners in the Eastern Sabah province of Malaysia and in the southern Sulu Sea area by terrorist or insurgent groups based in the Sulu Archipelago of the Philippines. In addition to incursions on the coastal and island resorts themselves, criminal or terrorist bands may attempt to intercept boats ferrying tourists in the area.
